Andie MacDowell (*Cedar Cove*) stars as District Attorney Monique Lamont in two TV movies, *At Risk* and *The Front*, both adapted from novels by world-renowned crime writer, Patricia Cornwell. Lamont's hard-charging style, powerful ambitions and a willingness to cut corners combine to constantly put her in peril.

Lamont and her partner Win Garano (Daniel Sunjata) believe they're tracking a copycat murderer in the style of the infamous Boston Strangler. Another crime is committed and, this time, Lamont is the victim – assaulted and raped in her home.

Traps spring and twists abound in the very dangerous world of ambition, deception and murder.
