The TV series for preschoolers picks up, following two, internationally successful feature films, *A Turtle's Tale: Sammy's Adventures* and *Sammy's Great Escape*.

Our heroes, two young turtles, Ricky and Ella, live in a reef village, right next to a deserted island. The coral reef is like an aquatic village where natural elements help structure the living space while protecting them from intruders. Only a rift enables Ricky and Ella to have access to the big wild blue ocean, full of danger. Outside, predators struggle to find the rift that leads to the reef village, hidden by a curtain of algae.

Our little young turtles, with their friends Annabel and Pipo, enjoy adventures together along with their grandparents, Sammy and Shelly, and Ray and Rita.
